Paying for treatment at Avicenna Clinic
Avicenna Clinic is recognised by major insurance companies. If you have private medical insurance, liaise with your insurance company before starting treatment. Or, if you would prefer, you can simply pay direct, by cash, cheque or credit card. We ask that payments for treatments are made seven days in advance (10 days if paying by cheque), as this enables us to allocate the relevant rooms, equipment and staff for our patient’s needs.

Contact and opening times
Our opening times are between 9am to 6pm, Monday to Saturday (except bank holidays). Please contact us on 0330 202 0597.

Being a consultant-owned and led practice enables the clinic and its team to focus on providing you with the very highest of medical care. The clinic really does place patient care and comfort at the very heart of its business.

We are regulated by the Care Quality Commission (CQC) in accordance with the Health and Social Care act 2008 and the clinic is regularly inspected to ensure we meet the relevant standards.

The Care Quality Commission is responsible for monitoring the performance of all NHS and independent healthcare organisations across England and Wales.

Top Consultants
Our consultants are leaders in their fields and appear on the General Medical Council (GMC) Specialist Register. In order to gain practicing privileges at Avicenna Clinic they must also meet our own stringent criteria and undergo a rigorous selection procedure carried out by our Medical Advisory Committee.

The Financial Part
If you are planning to claim the cost of treatment on your health insurance policy, you will need to contact your insurer before your appointment or operation to ask for an authorisation code. If you are self-funding your treatment, we will let you know about our charges before the procedure is carried out. This will be confirmed to you via email or letter.
