

Paying for treatment at Avicenna Clinic

Avicenna Clinic is recognised by major insurance companies. If you have private medical insurance, liaise with your insurance company before starting treatment. Or, if you would prefer, you can simply pay direct, by cash, cheque or credit card. We ask that payments for treatments are made seven days in advance (10 days if paying by cheque), as this enables us to allocate the relevant rooms, equipment and staff for our patient's needs.

If your specialist suggests further investigations following your appointment, these will be carried out on site at the Avicenna Clinic. If you need to have treatment this will also be offered at the Avicenna Clinic.

Your specialist, if required, may refer you to a colleague for further treatment. In this case you may then have a follow-up appointment with your specialist to discuss your progress.

If it is appropriate, and you decide to proceed with surgery, Avicenna Clinic will provide you with all of the necessary information and reassurance that you need before you undertake the surgery.

The Financial Part
